Approval of the Staff Senate Minutes of July 24, 2013:
Minutes were approved as written.
North Carolina State University
Staff Senate Meeting
Wednesday, August 7, 2013
Witherspoon Student Center – Washington Sankofa Room

Administrative Report:
Barbara Carroll, Associate Vice Chancellor of Human Resources, reported that the General Assembly did not pass a July 1 budget by July 1. As a result, for the month of July, we were under a continuing budget resolution, which meant that they extended last year’s budget for a 13th month, but during that time we were restricted from doing very much. The state’s FY13-14 budget has now passed, and we expect significant budget cuts for the UNC System. It looks like the budget cut for the whole UNC System will be around $95 million. NC State represents about 20% of the UNC budget, and as one of the largest schools, may take a larger-than-proportionate share of the cuts. So we are looking at a campus budget cut of upwards of $20 million. The campus tries to protect the highest priority functions like instruction, so the cuts probably won’t be straight across-the-board. There is currently a salary freeze and no salary increase pool, but there is some wiggle room, such as salary increases for promotions and increases in job responsibilities. Every salary increase of 10% percent or more has to be reviewed and pre-approved by the UNC Board of Governors.

Ms. Carroll reported that the General Assembly passed to the State Personnel Act, including providing 12 holidays every year (instead of just 11 in some years). The first year we will see the change is 2015, (which would have had only 11 holidays). The name of the Office of State Personnel is being changed to the Office of State Human Resources, and the State Personnel Commission to the State HR Commission. The appointment terms of the SPC (now SHRC) go from 6 to 4 years. There were changes to the grievance and review process and the definitions of probationary and career status.

Ms. Carroll noted that five additional special leave days off were provided for State employees during FY13-14. Ms. Carroll recommends using these days off first, since they will expire on June 30th 2014. The State Health Plan’s Board of Trustees has approved new options for 2014 State Health Plan that give you more choices for coverage and financial incentives for certain wellness-related behaviors. The Plan is conducting Open Enrollment in October. There are many changes. All employees will have to elect a plan this year, and if not, they will default to the 70/30 plan. The Benefits office will hold more than a dozen information sessions around campus, and via web, and HR would really appreciate senators’ help to communicate where and when the sessions will be.

The Chancellor and HR will again host an Employee Appreciation Tailgate Party, before the October 12th football game against new ACC rival Syracuse. HR may need some volunteers; Ryan will serve on the planning committee. Ms. Carroll shared that it looks like the event will be at the RBC Center this year. More information will follow.

Budget Report:
Corrinda Watkins reported there is not an official budget, but she is expecting it to be the same budget as last year with the addition of discretionary funds.
Committee Reports:
The Senators had a committee break out session to meet and greet committee members and had the opportunity to choose a committee. Kate Christenbury will be sending an email to each Senator/Alternate to choose a committee to serve on based on first, second and third choice.

Adjournment:
Meeting was adjourned at 11:30 a.m.

Respectfully submitted by Nancy Phillips, Staff Senate Administrative Assistant
